## Reversing the Ageing Clock for Skin Renewal

NEW ZÉLL-V Advanced Anti-Ageing Skincare Series is made mainly from Alps *Phyto*cells that are extracted from a rare species of apple tree named *Uttwiler Spätlauber*. These unique phyto cells are able to activate and revitalize the self-renewal and differentiation potentials of stem cells in human skin, thus helping to delay ageing process, reduce wrinkles, lighten dark spots and counteract the aggressive UV rays. Using it together with ZÉLL-V Platinum rich in 15000mg of fresh sheep placenta, you can also experience an ultimate youth transformation, regaining both Health and Beauty!
