

# ZÉLL-V<sup>®</sup> PHYTOGREEN

BLUE-GREEN ALGAE (AFA) 350mg

# Health Begins with Cellular Detoxification

**Healthy** *on the inside*  
**Radiant** *on the outside!*

**Immune Activation within 2 Hours**

**ZÉLL-V** **PHYTOGREEN**  
BLUE-GREEN ALGAE (AFA) 350mg

## Optimises **CELLULAR DETOX** and **NOURISHES CELLS** for a healthier body and a fairer complexion

Unhealthy lifestyles, environmental pollution and stress cause toxins to accumulate in the body, resulting in skin pigmentation, fatigue, low enthusiasm and ultimately, premature ageing.

To counteract this, ZÉLL-V has developed a pioneer formulation in the cultivation of organic algae *Aphanizomenon flos-aquae* (AFA) for cellular detoxification and nourishment. Organically cultivated in a pristine environment, the blue-green algae are extracted for their naturally potent nutrients,

namely the organic antioxidant, C-Phycocyanin. This exclusive formulation has received considerable accreditation for food supplement safety and efficacy from numerous health authorities in the USA, Europe, and Australia. Furthermore, various health studies, supported by literature, have demonstrated its potential properties in cellular detoxification, anti-inflammation, and its potency as an antioxidant. This formulation is now internationally recognised as ZÉLL-V Phytogreen.

# Did You Know!

Clinical studies have found that consuming 1.5 grams of blue-green algae AFA can activate the immune system in just 2 hours! Immune cells quickly recognise the invading germs and initiate an immune response against them. In addition, the antioxidant content of blue green algae is 20 times higher than vitamin C and glutathione!

ZÉLL-V Phytogreen is a pure blue-green algae AFA supplement that is rich in C-Phycocynin and many essential nutrients that are important for the complete health of our cells. Regular intake of ZÉLL-V Phytogreen helps to reduce oxidative stress in your body, increase your immunity and prevent viral and bacterial infections.

# 5 Organic Factors

*ZÉLL-V Phytogreen, rich in five cellular health factors, enhances cellular detoxification for noticeable results in just 14 days.*

## Minerals

Strengthen bones and joints, optimises nervous system.

## Fatty Acids

Balance hormones and maintain a healthy immune system.

## Amino Acids

The main component of cell structure and skeletal muscles, essential in building protein molecules.

## Antioxidants

Eliminate free radicals and toxins, slow down and inhibit cellular oxidation  
C-Phycocyanin's anti-inflammatory effect inhibits oxidative stress in the skin.

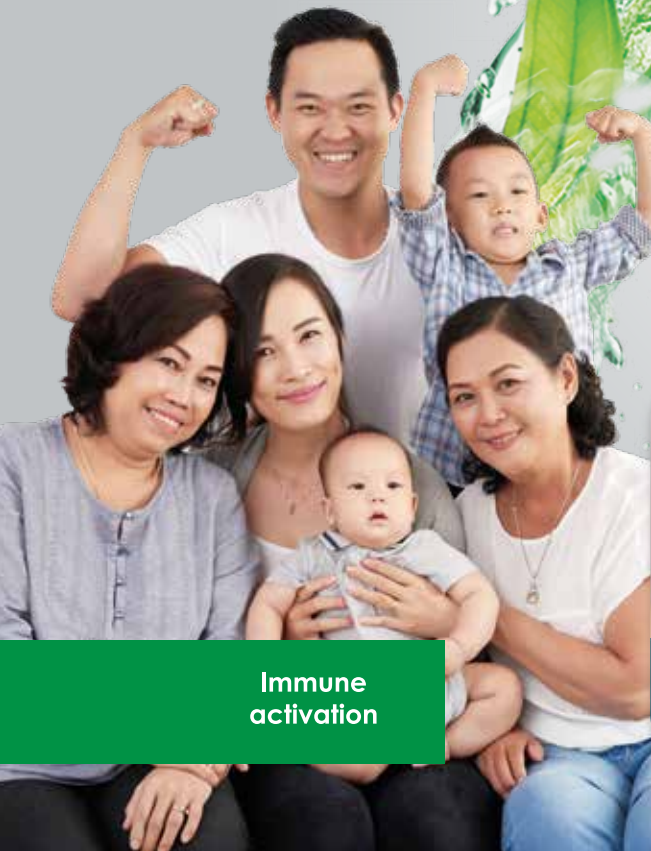

## Vitamins

Regulate cellular functions and improve metabolism.

# 55 Types Of Nutrients In 1 Softgel

## Vitamin

- Vitamin A •Thiamin (B1) •Riboflavin (B2)
- Niacin (B3) •Pyridoxine (B6)
- Pantothenic acid (B5) •Biotin (B7)
- Cobalamin (B12) •Vitamin C
- Folic acid •Choline •Vitamin D
- Vitamin E •Vitamin K

## Minerals

- Calcium •Chloride •Chromium
- Copper •Iron •Magnesium
- Manganese •Molybdenum
- Phosphorus •Potassium
- Selenium •Sodium •Zinc

## Amino Acids

- Arginine •Histidine •Isoleucine •Leucine
- Lysine •Methionine •Phenylalanine
- Threonine •Tryptophan •Valine
- Asparagine •Alanine •Glutamine
- Cystine •Glycine •Proline •Serine
- Tyrosine •Aspartic acid •Glutamic acid

## Essential Fatty Acids Omega-3

- A-Linolenic acid (ALA)
- Eicosapentanoic acid (EPA)

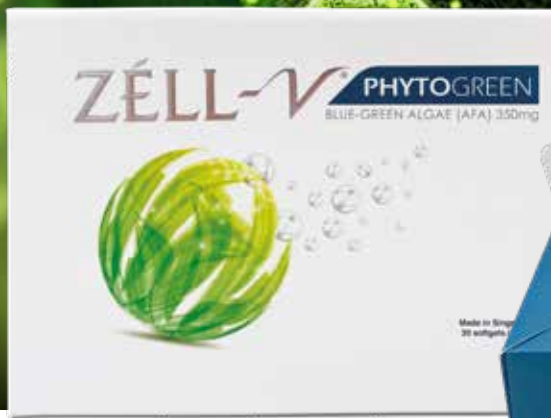

## Omega-6

- Linoleic acid (LA)
- Arachidonic acid (AA)

## Phyto Nutrients

- C-Phycocyanin •Chlorophyll
- Fiber •Phenylethylamine (PEA)
